

How can you be more active as a member?

Our Historical Society Museum is open every Thursday and Saturday from 12pm-3pm. If you have some interest in local history, stop by and hang out for a bit. There are many ways to help us preserve the township's history. As you become familiar with all of the current exhibits, you can be a friendly face for new visitors to catch up with! Beyond that, we've always got a project happening where you can get involved!
